DETAILED ACTION

1. Claims 1-30 are allowable.

Response to Arguments

2. Applicant's arguments, see pg. 7, 3rd paragraph, lines 4-8, filed August 3, 2005, with respect to claims 1-24 have been fully considered and are persuasive. The rejection of claims 1-24 has been withdrawn.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 13 and newly presented claim 29:

Amendments to the claims overcome the prior art rejections made in the previous action. The prior art of record fails to disclose determining the location of the computer system at boot-up and refreshing the location at predetermined intervals. After an updated search the closest art of record pertaining to determining a location of the computer system at boot-up was Angelo et al., U.S. Patent No. 6,418,533. Angelo et al. disclose requiring a password in order to boot-up when the computer system has been stolen based on its location. However, it has a common inventor and assignee and is therefore prior art made of record but not relied upon and is considered pertinent to applicant's disclosure.

Although utilizing location in order to determine security levels is common in the art, it is not usually used at boot-up, nor the location refreshed at predetermined time intervals.

Art Unit: 2132

All other pending claims are dependent on allowable claims 1, 13 and 29 and are allowable for that reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

~~THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).~~

~~A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.~~
